On the Farm

Every spring Sofia's class takes a trip to a farm. Today was the big day. Sofia was excited. Sofia loved going to the farm. When the class arrived, the farmer greeted them. "Welcome to the farm. I need a special helper to feed this baby calf," he said. Sofia raised her hand, hoping to be picked. The farmer handed Sofia the calf's bottle. Sofia was happy that she was picked to be the special helper.

1. In what season did the class take a trip to the farm?
 - winter
 - spring
 - fall
 2. Who asked Sofia to be a special helper?
 - the teacher
 - the calf
 - the farmer
 3. How did Sofia feel when she got picked to feed the calf?
 - nervous
 - upset
 - happy

Popular Pets

Some words to practice before reading the passage:

popular, love, care, walk, right, safe, sure, water, loyal, loving, cuddle, beautiful, move, breathe, means, snooze, lazy, string, watch, tank, gills, vital

Dogs are fantastic pets. They love to run and play. You can even teach them to do tricks!

To care for your dog, you must take them for a walk every day. You must feed them the right sort of food and make sure they have fresh water. Your dog will also need a warm and safe spot to sleep.

Dogs are very popular pets because they are so loyal and loving.

A **cat** is a good pet for you if you like to cuddle and snooze.

Cats like to sleep in the sun and can seem a bit lazy, but they do like to play too.

Just like dogs, cats need the right foods and some fresh water every day.

Cats do not need to go out for walks but they do like to play with small toys and bits of string.

Fish are also very popular pets. Dogs and cats can be fun to play with, but fish are beautiful to watch as they swim in the water.

If you are going to keep a fish as a pet at home, it will need to be kept in a fish tank. If there is just one fish, like a goldfish, then they do not need a big tank, but they do need room to move and swim freely. You may choose to keep lots of fish at one time, but if you do, you will need a bigger tank.

It is vital to keep the water in fish tanks clean. Fish breathe underwater with their gills, so if the water is dirty, that means they are 'breathing in' the dirt from the water. This can make them sick. If you are going to have a pet fish, you must make sure to keep the tank clean.

Base Ten Blocks and Number Expanders

Look at the blocks. Write the matching number in the expander.
Remember that only one digit is written in each space on the expander.

Die Roll Creating 5-Digit Numbers

You will need a die and a calculator.

1. Roll the die five times and record the digits you roll below.

First Roll Digit	Second Roll Digit	Third Roll Digit	Fourth Roll Digit	Fifth Roll Digit

2. Use those digits to make:

The Highest Number		The Lowest Even Number	
The Lowest Number		The Highest Odd Number	
The Highest Even Number		The Lowest Odd Number	
The amount of money you would like to win			

3. List five numbers that are greater than and less than the number you rolled.

Greater Than

Less Than

Reading Predictions: What Will Happen in the Story?

Before you read or listen, draw a picture showing your prediction (what you think the story will be about).

Were you correct? Why or why not? Change your picture or draw a new one that reflects how your ideas about the story changed.

Making Connections

Can you make the following connections with the text?

Connections to Other Texts

What text did it remind you of?	
What reminded you of this?	

Connections to Self

What memory or experience did it remind you of?	
What reminded you of this?	

Connections to Wider World

What in the wider world did it remind you of?	
What reminded you of this?	

Back to School Addition up to 20

Write down the answers in the circles.

$$12 + 8 = \bigcirc$$

$$13 + 2 = \bigcirc$$

$$7 + 9 = \bigcirc$$

$$11 + 6 = \bigcirc$$

$$9 + 9 = \bigcirc$$

Repeated Addition Roll and Record Activity

Roll 2 dice and record the numbers you rolled. Use the numbers to write your repeated addition number sentence and then find the answer!

Roll 1	Roll 2	Repeated Addition Number Sentence	Answer
3	4	$4 + 4 + 4$	12
