School Operations Update – Learning from Home in Weeks 2 and 3

Dear Parents and Carers,

Thank you for your ongoing support and efforts in relation to the current guidelines and restrictions. Unfortunately, learning from home will continue in Weeks 2 and 3. Parents are encouraged to keep their children at home wherever possible and continue their learning at home during this time.

We will continue to accommodate the children of essential workers or those that need to come to school. In some cases, some parents are only sending their children on certain days due to their work commitments and this is ok. However, to help with our planning please email or phone the school to let us know which days your children will be attending.

There will continue to be one unit of work delivered for all students, whether they are at home or at school. We will be bolstering our online learning delivery over the coming days, so please continue to monitor the school communications coming through. We will be aiming for every child to be accessing learning online by the beginning of Week 2.

Online Learning Systems

Kindergarten to Year 2 – Seesaw App

Details on how to log in and help your children access Seesaw will be coming in the post by the end of the week. Teachers will also be contacting families to ensure we have as many children accessing this as possible.

Years 3 to 6 and Learning Cove – Google Classroom

Many of our students have already logged into Google Classroom which is great. Additional support and instructions will be emailed through to parents by the end of the week. If your child has not been able to access their Google Classroom by Friday, please phone the school and your child's teacher will offer additional support.

Weekly Units of Work

The weekly units of work will be sent out to parents at the end of each week. We will continue to notify parents of times when hard copies can be collected from the school.

Borrowing School Computer Devices

If you need to borrow a computer device to provide your child with access to online learning please phone the school to make a request. We will then book in a time with you to come to the school to collect the device.

Stay safe and take care!

JASON CLARKE
