Goal Setting Interviews Information

Dear Parents and Caregivers,

I am excited to announce that this year during the week commencing 22nd February Jamisontown Public School will be holding Goal Setting interviews.

What are Goal Setting Interviews?

Goal setting interviews are a conversation between the student, their parents and their teacher. They provide the student an opportunity to develop and share with their parents, with the support of their teacher, learning goals for the semester.

How are Goal Setting Interviews different from parent teacher interviews?

Goal setting interviews involve the student in the discussion about their growth as a learner. The student can provide information to clarify what they have learnt, what they want to learn next and what actions they need to take to achieve this goal.

Why Goal Setting Interviews?

They provide students a voice to discuss their goals and learning journey. Goal setting interviews enhance student self-esteem by allowing them to share their learning opportunities in a positive environment. They involve students in self-assessment and allow them to take responsibility for their learning. Goal setting interviews acknowledge and strengthen the partnership of the student, parent and teacher within the learning process and allow children to see their parents and teacher working together to support them.

How Goal Setting Interviews work?

Parents and students discuss and complete the goal setting template attached to this note prior to the interview. When completing the template students think about their strengths and the things they enjoy learning about at school. They think about things they would like to work towards improving. We encourage you to ask questions and encourage your child/ren to share their thoughts and dreams.

At the interview teacher, parents and students discuss the learning goals identified by the student. The teacher asks questions, provides feedback and encouragement to student, guiding and supporting them in finalising his/her goals for the semester.

How to book a Goal Setting Interview

Each interview will be given a 10 minute time allocation. To ensure that all parents and students have the opportunity to meet with their class teacher, please choose an interview time from the availability on the school online booking system. Details are below:
